NOSE COLORS

Black Nose (BN)

Red Nose (RN)

Blue Nose

Flesh - List as Red Nose

If nose has speckled spots wait to see what color it will be on pup. Some pups are born with a pink nose and you can't tell what color it is going to be yet, so wait a few weeks before registering litter to be certain of nose color.

Keep this chart handy in case you have questions about a color. If you need help, let us know or contact a breeder who has been in the business for a long time.
